

Information on PPWR Conformity Assessment

Supplier
Paul Hildebrandt AG
Lise-Meitner-Str. 1
24558 Henstedt-Ulzburg

1. Product

#54214

Polyesterband PetFlex*, geprägt, grün, Breite: 15,5 mm, Stärke: 0,70 mm, Rolle: 1750 lfm, Reißfestigkeit ca. 410 kg

2. Our supplier has provided the following information (original text):

Declaration

The supplier hereby declares that the PET and PP strapping products manufactured and supplied by the company are produced and controlled in accordance with the applicable requirements of Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR) relevant to transport packaging placed on the European Union market.

The declaration applies to all standard PET and PP strapping products manufactured by the supplier.

This declaration covers transport packaging products supplied by the supplier within the European Union.

Product Compliance

The supplier confirms that:

- products are manufactured using controlled raw materials and documented production processes;
- recycled content declarations are supported by supplier documentation, purchasing records and internal production controls;
- product composition, recycled content and technical characteristics are documented and controlled through product-specific Technical Data Sheets;
- the combined concentration of lead (Pb), cadmium (Cd), mercury (Hg) and hexavalent chromium (Cr VI) is controlled to remain below the limit of 100 mg/kg specified in Article 5 of Regulation (EU) 2025/40;

- per- and polyfluoroalkyl substances (PFAS) are not intentionally added during manufacturing;
- products comply with Regulation (EC) No. 1907/2006 (REACH);
- product traceability is maintained through production, pallet and roll identification systems;
- supporting technical documentation is maintained and available upon request.

Packaging Used for Product Distribution

The supplier further confirms that packaging materials used for the storage, handling and distribution of its products are sourced from qualified suppliers and, where applicable, are supported by supplier compliance documentation.

Where applicable, supplier declarations, technical specifications and regulatory compliance documentation are maintained for packaging materials used by the supplier including transport and distribution packaging.

Management Systems

The Supplier operates:

- Quality Management System certified according to ISO 9001;
- Environmental Management System certified according to ISO 14001.

Documentation

Compliance is supported by:

- Technical Data Sheets;
- Supplier Declarations;
- Recycled Content Records;
- Traceability Records;
- Internal Quality Management Procedures;
- Laboratory Test Reports (where applicable);
- Production Control Records.

Limitation of Declaration

This declaration is based on information available to the supplier at the date of issue, including supplier declarations, laboratory reports where applicable, production records and internal quality assurance procedures.

This declaration does not constitute third-party certification and shall be read together with the relevant Technical Data Sheets and product-specific documentation."

3. Statement

This information was prepared based on the technical data and information currently available from our supplier at the time of publication.

This document is intended to provide information regarding the material composition and characteristics of the products in relation to the PPWR requirements.

4. Disclaimer

This document is for informational purposes only and does not constitute a formal legal certificate of conformity, unless expressly stated otherwise.

The information contained herein is based on current knowledge and may change due to future updates to applicable legislation or technical guidelines related to the PPWR.
